EXPECTATIONS

The Secret to Receiving Abundant Harvests:

Give with a Godly purpose, expecting a bountiful harvest . . . the Author

When *Making Million Secret* was placed on eBay for the first time I held high Expectations that it would sell. Well, in accordance with the Five Secret Laws as described below this first book was sold on July 16 2008. So much for naysayers.

There are many ways to avoid the “Doubting Thomas Syndrome.” One way to avoid this negative disorder would be to become active in prayer and meditation. Other ways would be to recite positive affirmations aloud, to keep repeating exercises or tasks that feel emotionally rewarding, to help others who have health problems, to donate to homeless persons, or to give to charities by making donations called planting “seed money.” In essence, whether through money, providing services, or giving friendly advice they are positive actions that enrich the soul, thereby escalating the spirit. (The Five Secret Laws of harvest will be explained below.)

Speaking of facts, here is the initial truth about the money I gave, herein called sowing, tithing, or “planting seeds.” After learning how to develop this concept I first planted a \$50 seed to Oral Roberts Ministry. After waiting patiently for nearly four months it was multiplied into \$500. *There are no time limits on receiving your 10-fold Expectation. However, the reason it took so long was that I was still developing the program and learning how to apply all the rules.*

I continued to follow the process of tithing 20% by planting a total of \$100 with the firm belief that the guaranteed 10-fold multiplication expectation would come to pass. This time, it was not four months, nor was it one month, nor was it even one week before the money came rolling in. First there was \$250, then a week later \$50, a week later another \$200, a week later another \$50.

Within the following week my \$100 was multiplied into \$1,000. Does this still sound like something that is too good to be true? Although you may have doubts, I suggest reading on for more convincing, truthful facts.
